NEWSLETTER

JULY-SEPTEMBER 2007

Dear Parents,

With a happy heart I write the first newsletter of our Play school and Nursery "Early Birds".

It has been a wonderful start with all our lovely children and parents. Our little ones have settled in very well and come into their own. Our blooming buds are now more confident and comfortable. And learning is a pleasure and lots of fun. It is a joy to see their happy faces and alert minds, exploring and discovering.

Our nursery children enjoy asking many questions and our play school babies manage very well with actions making their queries known to us, and of course we have those who can communicate well and have even picked up nursery rhymes, names of animals, colours, shapes, opposites and much more.

I would like to introduce our team:

1. Roxana Kavarana - our Head Teacher and music teacher.
2. Simran Gammers - Class Teacher -Story telling and Drama
3. Anisha Khanna - Class Teacher - Art and Craft
4. Formi Shah - Class Teacher - Montessori equipment
6. Jumana Rajkotwala - Computers and Administration
7. Ashita Gupta - Teacher - Kids Klub
8. Hiral Shah - Teacher - School Interview Training

3rd OUTING – PRINCE of WALES MUSEUM – Friday 14th September

At the Natural History Section of the museum we saw various birds like Flamingoes, owls, peacocks, woodpeckers, vulture etc.

We also saw the Wild Animal Section which had the white tiger, lion, rhinoceros, wild monkeys, black buck, buson

An interesting display of sea creatures like the whale, shark, sting ray, saw fish was there.

The children were most fascinated with the snakes and creepy crawlies. The rabbit which was wrapped by a snake was the highlight of the day!

The children and adults enjoyed a treat of brownies too!

4th OUTING – The Aquarium – Friday 21st September

For everyone who thought there was not much to see at the aquarium..... a nice surprise awaited us!

From lobsters, crabs, catfish, sea snakes, eels, magurs, black spot fish, red tail shark, bat fish, piranhas swimming in their tanks.

The skeleton of the 48 foot whale was a sight to see. The sea turtles were the highlight of the day flapping around in the water.

It was a pleasure to see sea shells, crabs, seahorses, starfish, frogs, tadpoles, oysters, octopus, baby crocodile which lots of our children could identify since we had a great sea creature week in school.

1st OUTING – OXFORD BOOKSTORE Friday 3rd August

Three cheers to the parents and children who braved the weather and made it to Oxford!

Thank you mom and dad for coming to our 1st outing!

We enjoyed browsing and looking at all the books, big books, little books and lots of books like the ones we have at school. Then we sat down to draw and colour. Shiva and Kashish were the stars of the day with their superb drawing of the rainbow with all the 7 colours and our little ones enjoyed colouring too. Then we had a puppet show of one of our favourite stories "Goldilocks and the Three Bears". All of our children participated with apt attention as they were very familiar with the story. Our playgroup babies were excited to see their teachers outside school. Outings are always fun!

2nd OUTING – JEHANGIR ART GALLERY Friday 10th August

A nice sunny day!

Saw lots of paintings done with a 'comb!' Lots of colours, shapes and painting mediums in keeping with our planner! Our little artists were at their best, painting away at the art gallery!

Then we saw beautiful creative bird paintings with actual bamboo, twigs, and creepers to add to the beauty of the painting
